EVERYTHING READY
FOR ALBUQUERQUE
MOTOR SHOW

Practically Every Inch of Available Space in Armory Has Been Sold to Exhibitors.

PROGRAM CALLS FOR
SOME AMUSING STUNTS

Albuquerque's first annual automobile show, February 3 to 12, inclusive, in the National Guard armory, is going to be a great, big, howling success. Perhaps it should not be referred to as a howling success, for Albuquerque's feminine society is going to play a very prominent part in the performance and the Albuquerque ladies never howl, at least not often, and very rarely in public.

Mayor D. K. B. Sellers, promoter extraordinary of the show, however, referred to it this morning as a howling success, and he should know.

The mayor referred casually this morning to some rather distinguished guests who have promised to attend the show. They include at least four of the most famous society women in the United States, ladies whose names and gowns and photographs fill about half of the New York colored supplements every Sunday and whose doings are law in the social world. If not always order, then too, it is rumored that a number of world-famous society editors are to attend. It having been learned, by a happy chance, that these ladies are to be in Albuquerque during the show on a mission which is not disclosed.

As for the financial success, that is assured. Practically all space in the armory has been sold to exhibitors of automobiles and automobile accessories and the space alone will cover the expense. Interest in the show is being manifested all over the state and a number of dealers from Santa Fe, Roswell and other towns have taken space.

The organization of the show is now complete, and the several committees will start active work Monday. The decorating of the armory alone will require several days.

EDDIE CAMPI AND KID
WILLIAMS FIGHT TODAY

[By Leased Wire to Evening Herald.] Los Angeles, Cal., Jan. 31.—Eddie Campi of San Francisco, and "Kid" Williams of Baltimore, will fight today in a twenty-round battle at Vernon arena at 115 pounds. The last time the bantams met Williams won a decision.

California Affiliates. San Francisco, Jan. 31.—By unanimous vote the California football association decided last night to affiliate with the United States Football Association of America. This decision gives California players a chance to be chosen for the All-American team which will go to Berlin for the Olympic games in 1916. The teams of the association play soccer football.

CLIMBING RAPIDLY. Young Shugrue, the clever little New York lightweight, who is now making a bid for pugilistic fame and also a bid for the crown of the realm by going after the topnotchers of his class, Shugrue's manager declares that if Willie Ritchie does not want to fight Tommy Murphy or Leach Cross, his man will be only too glad to accommodate these right-hungry scrapers.

TOO LATE TO CLASSIFY. WANTED TO TRADE a heavy horse for a light one. Hubbs Laundry.

\$3.50 RECIPE FREE FOR WEAK MEN

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous.

We have in our possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that we think every man who wishes to regain manly power and virility, quickly and quietly, should have a copy. So we have determined to send a copy of the prescription free of charge, in a plain ordinary sealed envelope to any man who will write for it.

This prescription comes from a physician who has made a special study of men and we are convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

We think we owe it to our fellow men to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop dragging himself with harmful patent medicines, secure what we believe is the quickest-acting, restorative, upbuilding SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop us a line like this: Interstate Remedy Co., 4125 Goodyear Building, Detroit, Mich., and we will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$2.00 to \$5.00 for merely writing out a prescription like this—but we send it entirely free.

SWEATERS GIVEN
TO FOOTBALL
HEROES

Pleasant Affair at University When Honor Athletes Are Presented With Tokens of Appreciation.

At the meeting of the University student body Thursday morning, sweaters, the gifts of the students and faculty to show their appreciation of the splendid work done by the coach and team, were presented to Coach Ralph P. Hutchinson, Mr. Frank V. Lanham and to the team.

Professor Weese, who is chairman of the athletic council, presided. Coach Hutchinson received his sweater first and expressed his thanks with a few well chosen words. After the sweaters were given to the team, Captain Fred Calkins gave a brief talk and thanked the faculty and students in behalf of the team.

Mr. Lanham was unable to be present to receive the handsome white sweater having on it an orange "T" the colors and insignia of the University of Texas, which was a gift of the team and student body in appreciation of his invaluable assistance at practice and during games.

Coach Hutchinson and the team received gray sweaters with a red "U N M" on each.

This year's insignia men who were awarded sweaters Thursday are as follows: Captain Fred Calkins, W. B. Brashear, Louis Henselton, Jack Laprock, Frank Shuffelbarger, William Arnold, Chester Lee, I. P. Little, W. H. Probert, H. A. Carlisle, K. C. Balcomb and F. G. Gass.

VARSITY TO PLAY
BASKET BALL AT
LAS VEGAS

Team Will Go to Meet Fast Meadow City Team on February 20th; Naylon Gives Up Basket Ball for This Season.

The University of New Mexico basketball team, failing in an effort to get a game here, has accepted February 20th as the date for a game with the fast Las Vegas Y. M. C. A. team at Las Vegas. The Meadow City team which has defeated several Kansas teams and some of the best in Colorado, will play in Santa Fe February 15th, but its traveling schedule is full for the rest of February and all of March.

Tom J. Naylon has abandoned his tentative plan to organize a basketball team, so far as this season is concerned. He had the material by taking the McChanna boys from the University team, but the University Athletic authorities objected to this and since he could get no engagements with Las Vegas until in March when baseball will be under full headway, Mr. Naylon has decided to turn away from basket ball for this year.

NAYLON TO HANDLE
THE HAPPYS THIS
SEASON

Old Time Manager and Organizer Back on the Job and Members of Team Are Happy.

Albuquerque is going to have basketball of sorts this year in spite of gloomy prophecies to the contrary and several years of bitter disappointment. Tom Naylon, organizer and for several seasons manager of the Happy-Go-Lucky's, is back on the job to stay and is going to manage the team this season. Last year the Happs let themselves be called the "All-Stars" and they didn't turn out to be all stars at all, being defeated several times by teams that had no license to do it but did.

T. J. Naylon has all the faith of a creditor in the Happs and he is going to take them through this season with a swing that will furnish first class base ball for Albuquerque.

Albuquerque fans who really want baseball should rally around Tom Naylon. With the exception of Ole Nelson, he is the only man in recent years who has given Albuquerque any baseball worthy the name and he can and will do it again if he is given the right kind of encouragement and support. He is in communication with a lot of first class bush league stuff that could be brought to Albuquerque easily, and Mr. Naylon would do it if the boys who want base ball would take the trouble to shove him into the game. Once he starts he will do the

rest alone. Red Sanders, of Princeton, Ill., said to be the best first baseman who ever hit Albuquerque, would like to come back here. So would Farrell and a number of other good boys who know how to play and who like the game. The time to start baseball talk is right now if we are to have any this year and Tom J. Naylon is the man to talk to.

SILVER CITY PAPER
HIGHLY COMPLIMENTS
BUSINESS COLLEGE TEAM

The following highly complimentary notice regarding the recent visit of the Albuquerque Business college basketball team to Silver City appears in the Silver City Independent.

The visit of the Albuquerque Business college basketball team proved to be an athletic event which aroused keen public interest and drew the largest crowd to the armory which has ever come together for such an event. The two games were divided, the Silver City girls and the Albuquerque boys being the winners, an exact reversal of the results when these same teams met previously this year in Albuquerque. Both contests were very close and exciting, particularly in the boys' game, which was a tie at the call of time with the score of 13 points each. Albuquerque won by a single point in the five minute play off, 15 to 14. The normal girls won by 16 to 11.

An automobile excursion was tendered the visiting Albuquerque basketball players Saturday morning by the chamber of commerce. Cars of the following gathered at the Normal dormitory at 9 a. m., ready for the start: M. F. Downes, O. C. Hinman, Jackson Agee, M. R. Buchanan, Wm. Royall, J. S. Hyde, Mary Florence Marriott, E. D. Nixon and E. Woodhull. The visitors with some of the home players were ready, and after circling around town a good run was made to Fort Bayard, Central and back home, with a side trip to the Cottage sanatorium. The young ladies and gentlemen were delighted with the trip and all they saw of the country, which they found quite different to that around their home city. All expressed themselves in the highest terms of the hospitality of Silver City. J. E. Goodell, founder and owner of the Albuquerque Business college, who accompanied the team here, said before he left: "Kindly extend to the people of Silver City and particularly the members of the chamber of com-

merce our sincere thanks for the delightful time they have given us here. Our trip has been a most pleasant one throughout, and we all welcome another opportunity of visiting your splendid little city again."

GIBBONS MUST LICK
CHIP TO GRAB TITLE
GEORGE CHIP.

George Chip, the Pittsburgh middleweight, who has a strong claim on the middleweight title by virtue of his two knockout victories over Frank Klaus, Chip and Mike Gibbons, the St. Paul Phantom, are now looked upon as the only legitimate claimants to the throne of the middleweight, and when these two are brought together in the deciding bout the fight fans will be treated to one of the greatest fights that has been staged in years.

COUNTRY WILL KEEP OUT
OF CITY ELECTION

County Executive Committee Last Night Leaves Republican Course in Coming Municipal Election Up to City Committee.

Questions as to the attitude of the recently reorganized county Republican committee toward the coming city election, propounded last night at an executive session of the executive committee, brought out the definite expression of the members present that the county organization proposes to keep its hands off city politics and to leave the Republican course in the coming election in the hands of the city committee.

The meeting last night was for the purpose of discussing details of organization and the proceedings were not made public, being chiefly of a routine nature, according to Chairman Elfrico Baca.

The following program will be given at the University vesper services tomorrow afternoon:

Prelude, hymn 24; Recessional. "Kipling" (Gower), choir; responsive reading; chant, "The Lord's Prayer," choir; offertory; offertory solo; address by Prof. Watkins of Knox college, Galesburg, Ill.; hymn 56; benediction; postlude.

Try HERALD want ads, they bring results.

THE "STOVE MAN" SAYS

REMEMBER THIS—THAT CERRILLOS COAL, BOTH HARD AND SOFT IS HANDLED ONLY BY THE HAHN COAL CO.

This is important because nearly everybody knows that, pound for pound, Cerrillos Coal yields more heat and less ashes than any other in the Albuquerque market.

It is because of the recognized superiority of Cerrillos Coal that the Hahn Coal Company sells more coal in this city than all other Albuquerque coal yards combined.

And mind you, Cerrillos Coal doesn't cost a cent more than the inferior kinds. For instance, you can buy Cerrillos Anthracite—the best anthracite—from \$5.00 a ton up.

There is a very easy way to prove everything that is said here. Ask the "Stove Man." He has official statistics covering every point, and he can show you in a very few minutes how to enjoy coal satisfaction for the balance of the winter.

ASK THE "STOVE MAN"
HAHN COAL COMPANY

207 EAST CENTRAL AVENUE.

How the CITY Profits by OUR Profits

You have probably been of the opinion that the only people who benefit by our profits are the stockholders of our Company.

BUT JUST THINK A MOMENT!!

The most important element in the prosperity of a city are its public utilities. If they are well managed they reflect credit on the city.

Transportation by electric railway is necessary to allow a city to increase beyond a certain size. As a city grows its transportation system must be earning its way or it cannot get money to spend on extensions.

UNLESS YOUR STREET RAILWAY SYSTEM IS A PROFITABLE CONCERN IT CANNOT GROW; AND IF IT CANNOT GROW, NEITHER CAN THE CITY. DID THAT EVER OCCUR TO YOU BEFORE?

Good telephone service is also necessary. GOOD SERVICE IS FAR MORE IMPORTANT TO YOU THAN CHEAP SERVICE. The telephone company must make money from its subscribers to give GOOD SERVICE, or else it retards the growth of the city.

The same is true of your gas and electric light companies. It does not make any difference how cheap the service is if it is NOT GOOD SERVICE. The people want efficiency in their gas and electric service, and it costs MONEY to give EFFICIENT service, but people DEMAND IT AND THEY ARE ENTITLED TO IT. That's what the companies are doing business for—to serve the people properly.

Efficiency in the electric light and gas business requires plant and system of sufficient capacity far in excess of the actual present demands. This additional capacity represents a large investment made to insure UNINTERRUPTED AND ADEQUATE SERVICE TO THE PEOPLE OF ALBUQUERQUE.

It is made to insure GOOD SERVICE. When you want electricity you want it. You don't want to wait for it, and there is no reason on earth why you should.

Try as hard as we may to prevent it there are apt to be accidents to our power generating equipment and distributing lines. ALL accidents cannot be provided against and when one of the seldom occurring accidents does happen you may have to wait a few seconds or minutes for your electric service. A stray cat falling across one of our electric wires might throw a section of the city temporarily in darkness.

There are THOUSANDS OF DOLLARS worth of generating machinery in our power house not being used regularly—just waiting for emergencies. This machinery is not paying us for its upkeep. BUT IT IS READY AT A MOMENT'S NOTICE TO SERVE YOU, AND THE PUBLIC IS ENTITLED TO GOOD SERVICE. IN ORDER TO MAKE THIS ADDITIONAL INVESTMENT WE MUST BE DOING A PROFITABLE BUSINESS. IF THE GAS AND ELECTRIC BUSINESS IS NOT REASONABLY PROFITABLE IT MAKES EXTENSIONS BY OUTSIDE CAPITAL IMPOSSIBLE.

So the people of this city profit in two ways when we make a reasonable profit.

First:—They profit by getting GOOD SERVICE, which they can only get when the Public Utilities are sound financially.

Second:—They profit by the extensions made by the Company which means MONEY SPENT IN THEIR CITY AND EXTENSIONS MADE THAT CANNOT BE MADE UNLESS THE COMPANY IS MAKING A FAIR AND REASONABLE RETURN ON ITS INVESTMENT.
